

10 RECOMMENDATIONS FOR BEING A RESPONSIBLE TOURIST

“DO SOMETHING TODAY FOR A BETTER TOMORROW”
THERE IS NO PLANET B.

1 BE A ROLE MODEL: Set a good example by being an environmental citizen, people will follow suit.

2 THROW WASTE IN THE BINS PROVIDED: No littering, no excuses!

3 SAVE WATER: Turn the water off when you are not using it, be conservative.

4 DO NOT THROW ANYTHING IN THE TOILET: This will increase pollution and kill our fragile underwater eco-system.

5 REFILL YOUR WATER BOTTLE: Contribute to reducing waste made on Gili and avoid buying disposable bottles. It's also an easy way to save money!

6 DO NOT TOUCH OR WALK ON THE REEF: Interacting with this fragile ocean ecosystem will damage it. Please respect their space and only watch from a distance.

7 REPORT ENVIRONMENTAL DISTURBANCE OR DESTRUCTION: If you see something that is wrong, be an active bystander. Help explain how we can respect our environment.

8 SWITCH OFF ELECTRICITY WHEN YOU LEAVE YOUR ROOM: Electricity comes from petrol generators on the Gili islands, please do not waste the energy!

9 DO NOT COLLECT SEA SHELLS FROM THE OCEAN OR THE BEACH: Hermit crabs use empty shells as they outgrow their own and waves break down shells to make sand to sustain our beaches.

10 GET INVOLVED IN LOCAL ENVIRONMENTAL ACTIVITIES AND ISSUES:

There are plenty of opportunities to show your support for a clean environment. This includes our eco-tours, beach cleanups, recycling, volunteering your time or making a donation so we can continue our hard work!
